AI Product Builder · Digital Product Development · Early-Stage Startups

Ankara, Turkey · oguzkeremayhan@hotmail.com · linkedin.com/in/oguzkeremayhan · github.com/ozkayhan
· ouzka.me

PROFESSIONAL SUMMARY

AI-native product builder and Statistics student at METU with a proven track record of shipping production-ready tools solo. Founded a coaching business reaching 50+ paying students, 1,000+ email subscribers, and 5K YouTube followers entirely from zero. Specializes in building AI-first applications using Claude Agent SDK and MCP — with a ship-first mindset built for early-stage startup environments.

PROJECTS

WeatherOZ · CLI Tool · weatheroz.ouzka.me

- Engineered an AI-native weather forecast CLI that queries multiple providers in parallel, eliminating single points of failure and delivering higher uptime and reliability than any single-provider alternative on the market.

AskUserQuestionsPro · Developer Tool · askuserquestionspro.ouzka.me

- Built a custom MCP server and companion web app replacing Claude Code's built-in Q&A interface — removing the 4-question-per-batch cap and replacing the terminal UI with an unlimited, keyboard-first experience available through a single-line install.

MyWay · Web Application · myway.ouzka.me

- Designed and shipped an AI-native productivity suite merging Todo, Habit Tracker, and Calendar into one conversational AI interface — replacing 4 separate apps and eliminating cross-platform sync failures and redundant subscription costs.

Skilloz · Windows / macOS Desktop Application

- Developed and shipped a cross-platform native desktop application for both Windows and macOS.

WORK EXPERIENCE

Founder

Mars Akademi YKS Koçluğu · Aug 2024 – Oct 2025 · Remote

- Built and scaled a solo online coaching business from zero to 50+ paying students, 1,000+ active email subscribers, and 5,000 YouTube subscribers.
- Owned every operational function independently: content production (filming, editing), coaching delivery, student management, financial accounting, and business development.

Event Coordinator – Executive Board Member

Freelance · Jan 2026 – Apr 2026 · Remote

- Planned, coordinated, and executed 10+ international events with participants spanning multiple countries, managing team formation, logistics, and end-to-end delivery.

Host Student

Erasmus Student Network · Jan 2024 – Present · Hybrid, Ankara

- Guide international exchange students through METU orientation and provide one-on-one support to accelerate cultural and academic integration across 20+ nationalities.

EDUCATION

B.S. in Statistics · Orta Doğu Teknik Üniversitesi (METU)

Sep 2024 – Jun 2029 (Expected) · Ankara, Turkey · METU English Proficiency Exam: 80.5/100
